THE COOKERS RELEASE TIME AND TIME AGAIN

"An electrifying ensemble of seven legendary jazz veterans and unmistakable chemistry... *Time and Time Again* is filled with peerless musicianship that's both elegant and incandescent" - iTunes

After seven years together, The Cookers, who "embody the serious-as-death commitment that it took to thrive on the New York scene some four decades ago" (Andrew Gilbert, *The Boston Globe*), entered the studio earlier this year to record their fourth album, *Time and Time Again*, the follow up album to their three critically-acclaimed recordings, *Warriors*, *Cast The First Stone* and *Believe*. On *Time and Time Again* the incredibly high level of musicianship has only increased with the latest offering of fresh, challenging, boundary-pushing music from these legendary, revered, veteran improvisers. Available now on Motema Music, The Cookers are now touring the globe in support of the album.

PRESS QUOTES

"Player for player, there's no better working band in jazz than The Cookers."
Andrew Gilbert, *The Boston Globe*

"A dream team of forward-leaning hard-bop"
Nate Chinen, *The New York Times*

"This hard-hitting septet wears its name like a mission statement. Rich with a mix of classic elegance and exploration, the group might reference the past by name, but it never sounds less than current."
Chris Barton, *The Los Angeles Times*

"A remarkable band at the height of its collective powers."
Chris Waddington, *The Times-Picayune*

"This is the greatest jazz super-band working."
Charles L. Latimer, *Detroit Metro Times*

TESTIMONIALS

My U.S. Corporation has been

under fire since operation since 2006 along with my personal taxes. I have always been given the most sound advice, effective explanations on how to improve my tax deductions as an expat along with avoiding any complications or penalties under the US Tax Laws. Finally, I have been such a satisfied client that I have decided to dedicate a sponsor page on my own website for US Tax International. I would be more than happy.

Richard Blank
CEO, CEO International, Inc.

USTAX INTERNATIONAL provided

first rate service in helping me file my USA tax returns from Australia. Charles and Randy are extremely helpful, prompt and provide excellent value for money. I highly recommend their services to anyone living overseas and filing USA tax returns...

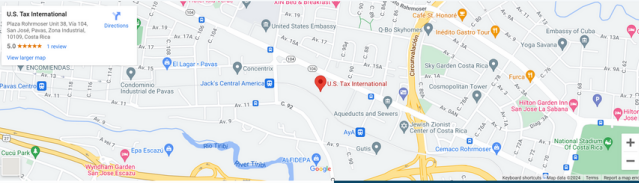

Bruce Ashbaugh
Perth, Western Australia

USTAX INTERNATIONAL has been

providing me with accounting services and financial advice for over three years. I have two businesses in New York, one of which I have managed from Costa Rica.

Having an accounting firm that is perfectly comfortable with U.S. and Costa Rican accounting practices and understands the financial/accounting concerns of U.S. Citizens living abroad cannot be overstated.
